

Technical drawing of a roof profile showing dimensions and radii. The drawing includes a side elevation of the roof structure with a gable end. The roof slope is indicated by a triangle with a vertical side of 44 and a horizontal side of 39. The roof thickness is 4. The gable end has a total width of 44, with a central section of 10 and two side sections of 5 each. The gable end has a radius of R8. The roof has a radius of R5. The roof is shown with a cross-section of a wooden beam and a metal fastener.
